### Week 6

How time travels quickly. I cannot believe that 6 weeks has finally come to an end. Stepping into Mr. Colagrande's shoes has been a big job. I take my hat off to him and the staff who work so hard to design the best quality programs for each and every student so that they can shine academically, social and emotionally.

To the staff who come to work and bring hope, possibility and with a positive energy, you are a true credit to the school and this does not go unnoticed. I know you will continue to be awesome.

To the students, your kindness and smiles made my day every day. I was excited about hearing students share their stories about their weekend, their favourite book characters and their opinions about topics they have learned about during Inquiry sessions. I will share these moments with anyone and everyone who will listen back at my school.

I have truly enjoyed my stay at Coburg West PS and have obtained a large amount of experience and knowledge about how this school works. Thank you CWPS for giving me permission to “borrow” the many great programs & ideas and share them with the staff back at my school, Roxburgh Rise PS.

To the parents/carers of CWPS, thank you for demonstrating what it truly means for a school to be a community school: a place where all stakeholders come together to do interesting work that matters and benefits the students.

Last but not least, I would like to mention some special people who have been a source of knowledge and have supported me throughout the six weeks: Rita Gattoni, Denise Aguis and Anna Raffaele, I could not have done it without you. Thank you Mr Dan Copping, I appreciate the laughs we have had every day. Your support has been invaluable and I thank you for this too.

My final message is to end with what I started with, and that is ‘to make sure you always remember to be better today than yesterday.’ Keep learning, smiling and being awesome.

A very big welcome back to Mr. Mark Colagrande.

*Ms. Carmel Lancuba*

*(Acting Principal)*

**Reminder to students involved in the Premiers’ Reading Challenge: The Challenge is closing for Coburg West students**

Please make sure you enter all of the books read on your student home page. The school’s information will then be uploaded and sent to the Challenge organisers to ensure students receive an official certificate of completion.

Thank you for your participation.

# World Of Maths Roadshow

## Family Maths Problem Solving Night

As part of an early celebration of Numeracy Week many families enjoyed a night of thinking and fun at the World Of Maths' Family Problem Solving night on Wednesday the 1st August. I would like to thank all those who supported our great night. Students explored a range of problems that encouraged them to think and solve mathematical problems. It allowed them to extend their minds and enjoy sharing their knowledge with their parents. Problem solving is an essential part of the Victorian Curriculum. This night was a fun way of challenging ourselves. Congratulations to Alessandra in 1/2B, who won the voucher provided by the World of Maths. Again I thanks the staff and my wonderful Maths Committee team who supported the night. Also thankyou to the grade 56 student leaders who showed leadership skills assisting with the tasks. It was great to see so many parents being positive role models. It is empowering to them and proven that it makes a difference to their mathematical learning. Here are some photos of the night. Enjoy! Fiona Currie,

On Monday 13<sup>th</sup> August, during National Science Week, the 1/2 grades welcomed author Lorna Henry and illustrator Bernard Caleo to speak about the fascinating world of science and also introduce their newly published book, "How to Win a Nobel Prize."

Students were highly entertained by humour, experiments and how the authors went about making this amazing book. They introduced famous and well-known scientists like, Albert Einstein and his theories. During this highly interactive event, students gained insight into Bernard's illustrating talent and (literally) drew out characters from the book!

The authors kindly donated many copies of the book to our school library and they are now available for student borrowing. However, many CWPS students purchased the book for themselves!

## Next Meeting for 2018 - Tuesday 18th September, 7pm, Venue: The Post Office Hotel

Instead of the usual meeting, we've decided to make the September meeting more of an end-of-term social gathering rather than a traditional meeting. So please join us at the Post Office Hotel at 7pm on Tuesday 18th September to have a drink and a meal if you like. We can brainstorm fundraising ideas, and also raise a glass to our wonderful parent volunteers. So we can book enough tables, please RSVP to [cwpspfa@hotmail.com](mailto:cwpspfa@hotmail.com), or on the Facebook invitation by Wednesday 12th September. We'd love to see you there!

## Monthly Book Offer in conjunction with Black Inc. Books.

September launches our first special book offer to friends of Coburg West Primary School. Not only do you have the opportunity to buy the specially selected books at a discount, but \$5 from each sale will also be donated to the school. The first two books on offer are *My Ikarria: How the People from a Small Mediterranean Island Inspired Me to Live a Happier, Healthier Life* by Spiri Tsintziras and *The Fireflies of Autumn: And Other Tales of San Ginese* by Moreno Giovannoni.

<https://www.blackincbooks.com.au/cwps>

If you are interested in potentially joining a physical book club, or attending an event where the authors can come to speak with us, please register your interest by emailing [cwpspfa@hotmail.com](mailto:cwpspfa@hotmail.com).

## SPECIAL BOOK OFFER

### For Friends of Coburg West Primary School

Hi parents and carers!

We're writing from Camp Quality to let you know that our Primary School Education program has been invited to perform at your child's school.

Camp Quality is Australia's most trusted children's charity. Our purpose is to create the best quality of life for kids living with cancer and their families. At no cost to schools, parents or students- our vivacious and loveable puppets, Kylie, Dean and Melissa visit schools to help support children affected by cancer. The puppets dispel myths and misconceptions that are commonly associated with the illness. Since 1988 our program has visited schools across Australia, sharing an interactive, engaging narrative that explains:

- The ins and outs of cancer
- Why their peer who has undergone treatment may look a little different (due to the side effects of chemotherapy)
- Why it's important to be supportive of their classmate who is either living with cancer or has a diagnosed parent or sibling
- That cancer isn't contagious, so it's ok to play
- The importance of positivity and recognising our own strengths

**"It took away the stigma and fear from cancer. As we have a student at our school being treated for leukaemia, it helped the children understand what she is going through and why she has lost her hair. Having an understanding of the disease has certainly increased the empathy in the other children too."** - Primary school principal

**"The manner in which the show addresses cancer is age appropriate while clearly articulating the facts. It has helped me to be able to talk about cancer in a positive and reassuring manner"**- Primary school teacher

Following the performance, students are encouraged to ask questions and share their concerns. While we are able to answer most of their questions and concerns, we provide teachers with resources to supplement the performance and aid classroom discussion. If any concerns arise after the performance, please feel free to contact us.

If you would like more information about the program or would like to see a clip of our puppets in action, please visit [www.campquality.org.au/for-teachers](http://www.campquality.org.au/for-teachers). You're also welcome to contact our puppet team by emailing us at [Kylie@campquality.org.au](mailto:Kylie@campquality.org.au) or by calling 1300 662 267.

As a not-for-profit charity, all services come at no financial cost to the families we support. Thus, we rely heavily on the generosity of everyday Australians to keep our programs running. To donate, please visit our website.

### Need help talking about cancer at home?

The Kids' Guide to Cancer app has been developed to support children age 8-13 who have a parent, sibling, friend or loved one with cancer. Providing them with age appropriate information, the app answers some of the big questions kids have about cancer and gives them ideas on how they might be able to support their loved one. Good morning parents teachers and students,

My name is Lachlan and my name is Meagan.

On the first of August we attended the world maths night.

There was an activity that I enjoyed it was called balance beam. In this activity you have to get some plastic weights and balance the balance beam. It was really hard.

The activity that I enjoyed was bridges. What you have to do is get wood blocks and make a stable bridge with as little wood blocks as possible. I made it with only 7 blocks.

It was a lot of fun and we would recommend every attending next year. We would like to say thank you very much Miss Curry for organising the fabulous night and thank you to all the teachers and parents who helped out.

Thank you for listening.
